

FOR PRESENTATION TO:
WINNIPEG ARES GENERAL MEETING
19 MAY 2009

EMERGENCY COORDINATOR

Jeff Dovyak VE4MBQ

UPCOMING OPERATIONS:

PSE-111 Manitoba Marathon 21 JUN
In conjunction with WARC. We still need 7 additional radio operators.

ONGOING OPERATION:

PSE-112 CANWARN Net Control for Summer Severe Wx Season
11 MAY -13 SEP.

RECENT OPERATIONS:

EX-77 CANWARN Spotter Training SAT 09 MAY East Selkirk Rec Centre
44 registered participants including 29 Amateur Operators representing 6
of 9 CANWARN Districts (Brandon, Portage, Interlake, North Eastman,
South-Central, Wpg).

Call-Out 78 Operate VE4EMO
Operated VE4EMO 26 MAR to 25 APR, active and stand-by.

Call-Out 79 Support City of Winnipeg Flood Operations
Active and Stand-By 30 MAR thru 16 APR for most operations, stand-by
thru approx 29 APR for Reception Centre.

PREPAREDNESS:

VE4ARS hardware will likely be replaced by a commercial grade repeater that will be
available this summer as municipal surplus – will only cost us the price of new crystals.

Two WEM courses in Fall 2009: 20-22 OCT & 17-19 NOV.

All ARES-owned equipment back and accounted for except for one “AA” pack for an
HTX-202. An ARES member borrowed an HT & accessories for flood ops but misplaced
the “AA” pack in his house. That’s all that is still outstanding.

There are now twenty-five 7.5 inch long black UV resistant cable ties in each of mobile
Kits 1, 2, 3 and 5 (thanks to John VE4JNF for the suggestion).

We have a big re-chargeable battery pack to go with Mobile Kit # 5 (that's the kit with the FT-2800 earmarked for the Boler).

GENERAL MEETINGS

- 30 JUN Kent VE4KEH & Tedd VE4VID GO Team #1 Experiences in St Adolphe
NB: that's the **last** TUE in JUN

- 18 AUG Cindy Bolton Volunteer Management Component City of Winnipeg
Emergency Preparedness Program
