**PREPAREDNESS:**

2010 WEM Courses: MAR 16-18, MAY 11-13.

Recently re-organized HT Kits – two aluminum tool-cases, each containing four HTs (mix of HTX-202s and/or HR-146). One soft-case with three IC-2ATs (no tone board, no good for WPG) and an older Kenwood HT with “bad” keypad. Each of our five Mobile Radio kits has a List of Contents in the box and WPGARES Exec members each have a copy too.

VE4ARS is still down – conversation late last week with Ed VE4EAR revealed stability problems with the surplus repeater that was identified for our use – if problems persist a different surplus repeater will be selected.
