CANWARN

Thirty Amateur operators attended Spotter Training SAT 15 MAY in Steinbach (15 from Wpg & 15 from rural areas). Will probably go to Minnedosa or Neepawa for Spring 2011, Environment Canada is supportive.

We still need additional CANWARN Net Controllers for staffing VE4WWO in the PASPC on-call days & evenings Victoria Day to Labor Day. "Season" will run 17 MAY thru 10 SEP.

Kent VE4KEH recently advised that roof repairs at 123 Main Street had concluded – he asked me to poll for assistance for him – ideally to begin WED 19 MAY at 1600h.

[Kent advised 19 MAY that VHF Antennas have been re-installed]
