

FOR PRESENTATION TO:
WINNIPEG ARES GENERAL MEETING
16 NOV 2010

EMERGENCY COORDINATOR
Jeff Dovyak VE4MBQ

UPCOMING OPERATIONS:

Sled Dog Races Possibility of Sled Dog Races this winter.

RECENT OPERATIONS:

Nothing to report

PREPAREDNESS:

NOV WEM Course participants are Gerry VE4GKS and David VE4DJS. We may have identified people for the 10-12 MAY 2011 WEM Course. Open courses are 25-27 JAN & 15-17 MAR.

No word from Manitoba Hydro recently with regard to a bldg tour/EOC familiarization.

Recently heard back from MRS. They advise that it is not feasible to get VE4WPG onto building emergency power or to install battery back-up. They feel best solution would be a generator on the roof with AC feed coming through same holes as coax feed (that was City of Wpg solution during Y2K, if necessary). I have just written to Interlake ARC President inquiring about VE4ARC.

GENERAL MEETINGS

21 DEC Glen Napady VE4GWN & Kent Haase VE4KEH
Exercise *Ice* & Implications for ARES
[We may move up start time to 1845h and skip Business Meeting]
