Negotiations were recently concluded for Winnipeg ARES Inc. to assume ownership of a local 2m repeater in Winnipeg with city-wide coverage in exchange for allowing the previous Amateur Radio Club owner to continue running an evening member's net (unless we have an emergency operation on). Yori VE4ACX has been the maintenance/repair technician for this repeater for some time – it would be great to identify someone within Winnipeg ARES with a technical background who would be willing to become Yori's understudy for maintaining this particular repeater – access to the site is essentially Mon-Fri 0800-1600h.

The Amateur Radio Service Centre has explained what we need to do to obtain the call-sign currently assigned to that particular repeater.

**MANITOBA ARES**

Initial appointment for SEC Don Gerrard VE4DWG is coming to an end and Don has indicated that he is not seeking re-appointment. Notice sent by e-mail earlier today to Winnipeg ARES members – if interested apply to Manitoba Section Manager Jan Schippers VE4JS by 31 AUG.
