## New Business

VE4HAY asked about Manitoba ARES DSTAR repeater

VE4DWG announced there was nothing new to report

VE4MBQ followed up by explaining that the UHF side may be okay, but VHF was not okay. The repeater was shut off, since staff was too busy with flood operations. Duplexers may not be tuned properly. Plan is to have Walter VE4VB look at the duplexers, once flood operations are completed/

VE4GWN welcomed VE4DLA to the meeting

VE4GWN spoke about the WARES Boler trailer. We have limited access, under normal circumstances. It is stored at the Winnipeg Fire Paramedic Services yard on McPhillips. Some members have offered to service it. May be possible in a few weeks, when VE4JAH has space on his driveway. The trailer could be used more, if we had better access.

No further business
